Proposed Dues Total: \$900

Over 12 Paychecks: **\$75.00 each**

It takes a significant amount of money to provide the basic services required by members at the local, state, and national levels. MEA, MTA, and NEA dues offer members a strong team of negotiators at the bargaining table, expert legal defense, and many other additional programs and events. The executive board of the Marlborough Educators Association would like to increase dues to support our union even more on the local level.
